

Press release 2013-10-25

GAEU Consulting secures financing for Goran Sp. z o.o.

Goran Sp. z o.o., a leading manufacturer of doors and windows in the Malopolska province in the south of Poland has been awarded financing of **EUR 300.000** to the investment project aimed at replacing the current heat source with renewable energy heating system based on the use of biomass. The grant has been awarded within the Malopolska Regional Operational Programme for the years 2007 – 2013 within the measure "Improvement of air quality and an increase in the utilization of renewable energy sources". The complete grant application was prepared by a specialist project group within **GAEU Consulting's** Cracow office.

Tomasz Wąsik , CEO GAEU Consulting Sp. z o.o. in Krakow:

- GAEU Consulting's project team once again showed the highest level and professionalism of its advisory services. Competition for grants was very tough , especially on the part of municipalities and companies that invest in photovoltaic systems. Our experts have demonstrated an excellent knowledge of the program's priorities and professional commitment, which has brought tangible financial benefits for the customer. We congratulate our customer on this fantastic success.

Jakub Żbikowski , EU Grants Specialist , Coordinator of the project team:

- Key factors in the success of the grant application within measure 7.2 were impeccable conceptual design of the project, efficient cooperation between the customer and the project team, high level of competence and expertise of GAEU's team members, as well as close attention to details in the application form. GAEU Consulting took care of the highest quality in all the aspects mentioned above, making it possible for our customer to enjoy success in obtaining funding today.
